
Great opportunity in Greenfield MA for Artist Colabotative Live/Work/ Show

Hello fellow artist,

Wouldn't it be great If you could Live, Work and show your work without having to get in your car. I have found a Building where this is possible!!!

3 Floors of 3000 sqft each. 1st floor is a store front with large windows. I think would be great for a Gallery. 2nd floor is an awesome openfloor plan space for studios and work places (it could even be subdived). And the 3rd floor is a Large 5 bedrom apartment with large eat-in kitchen and laundry room. THis Last one could be great for five artis to live together then share the studio space and run their own gallery.

Let me know if anyone is interested or have any ideas.

You can call me direct. 413-221-5502 Luciano

I will try to get this going with the month.

thanks for reading

Luciano
